https://tea.texas.gov/sites/default/files/GT%20Interdisciplinary%20Studies%20Mentor%20Seminar_2020.pdf

00:12:10 Kathi Langford:
https://tea.texas.gov/sites/default/files/GT_Interdisciplinary_Studies_Seminar_I-IV_2020.pdf

00:12:17 Brigette Cardenas: thank you

00:14:39 Stacey Parker: Are there standards for other levels too?

00:15:23 Stacey Parker: Thank you

00:17:48 Celeste Sodergren: Could you offer this as a summer course?

00:18:21 Celeste Sodergren: Thanks!

00:18:38 Celeste Sodergren: We are rethinking summer

00:18:49 Seth Hickman: @Stacey Parker - I'm working on creating a set of district standards based on these (and ELA standards) for our middle school GT course and our 3rd-5th GT course. If you'd like to collaborate on that, email me at shickman@bisdmail.net.

00:19:16 Brigitte Cardenas: LOVe Earthworm boy!

00:19:25 Celeste Sodergren: @Seth - I'm interested too. I might be using these for our Advisory sections if there is enough time...

00:19:49 Stacey Parker: Seth, I'll email you. I have some things I have been working on too

00:20:00 Stacy Mueller: As we are talking about presentation, I am looking for advice / guidance on how to showcase TPSP products and presentations virtually.

00:21:53 Nancy Franklin: We are going to try using bitmoji classrooms for linking the campus GT projects. Had a coordinator do this for her family night and it worked well. On the large scale, not sure if it is going to work, but we are trying it!

00:22:12 Brigitte Cardenas: Our campuses are doing virtual fairs via TEAMS

00:23:25 Stacy Mueller: Thank you for the bitmoji classroom idea. I'd love to see it. Could you share a link? muellers@pearlandisd.org

00:25:09 Stefanie Hoover: I'd love to see that as well

00:25:13 Jennine Zeleznik: We are creating a digital student showcase this year, where students from every campus will have the opportunity to showcase a digital artifact of their learning via a temporary district website.

00:25:15 Stefanie Hoover: Stefanie.hoover@wylieisd.net

00:26:57 Stefanie Hoover: Thanks!!

00:27:08 Nancy Franklin: Here is the classroom my coordinator created for her parent night. For our showcase, I have created a district classroom that will have links to feeder pattern classrooms. There each campus will have a link to the individual campus showcase, whether that is another classroom or a live Teams meeting

00:29:49 Stacy Mueller: Thank you.

00:30:51 Stacy Mueller: Still using IIM! Love it.

00:34:33 Nancy Franklin: Monica, what is earthworm boy?

00:34:57 Brigette Cardenas: How have you all had teachers implement TPSP? @ Nancy Franklin it is the 1st grade example video he is adorable

00:35:17 Tracy Dennis: Is there a link to the PowerPoint?

00:35:30 Nancy Franklin: Thanks!

00:36:26 Glenda Holder: We are looking at using Vimeo.

00:38:29 Cecily Hale: Rita Mauro rmauro@RenzulliLearning.com: Renzulli Learning Contact
Renee Ricca RRICCA@houstonisd.org : GT Specialist lead on GT Expo. Worked with Renzulli Learning for the GT Virtual Fair

00:38:45 Brigette Cardenas: For our virtual fairs we included a privacy statement and permission form and stated that recording the fair is not allowed

00:38:46 Chris Reichelt: Conroe ISD is using FlipGrid

00:39:38 Brigette Cardenas: This kiddo makes me so happy!

00:39:40 Rebecca Strain: Are these videos on the TPSP website?

00:39:44 Amber Reinecke: Me too!

00:39:46 Brigette Cardenas: @ Rebecca yes

00:39:48 Amy Gresham: me too!

00:39:59 Brigette Cardenas: They are part of the examples

00:40:27 Amber Reinecke: This video is at the bottom of this page :)

00:40:46 Roxanne Brown: This video might just make my day!

00:42:47 Glenda Holder: He makes me giggle every time I watch earthworm boy!

00:43:09 Cheryl Beard: Me too @Glenda

00:43:19 Rebecca Strain: You could create grade-band pages of Flipgrid videos for a virtual showcase.

00:44:00 Glenda Holder: We are using Flipgrid for our 4th grade Alpha projects. Alpha is our enrichment program for 4th grade GT students.

00:44:45 Brigette Cardenas: We do a tiered competition. We have a Local (campus level) fair, the winners of that go to the Area (feeder pattern) fair, and the winners of that go to the District Fair. This makes it more like a science fair and the competition has created more motivation. But, secondary is always the hardest one to get participants since they do not have a class for GT

00:53:08 Mallory Pouliasis: What about when a parent requests their child be exited in this situation?

00:54:17 Stacy Mueller: Preach it Debbie! :)

00:54:28 Chris Reichelt: Amen!

00:56:31 Monica Simonds: With more challenge in elementary school, they will get more comfortable and confident in the struggle of learning.

00:56:32 Samantha Fritz: Feel free to call me! 956-969-7115. I agree with you 100%. I am from Weslaco ISD.

00:56:57 Debbie Smith: @Monica Simonds, yes!!!

00:59:17 Glenda Holder: Thank you for a wonderful learning time this morning! I needed a little energy from my peers today! Have a wonderful rest of the day.

00:59:33 Brigette Cardenas: Thank you!

00:59:39 Chad Haskins: Thank you!
